Spa Bike Magic® Slim Line

Spa Bike Magic connected with cycling training means the benefits of water therapy as well as hydro massage – now in one device. This idea is going to give you a really effective, simple, safe and pleasant training.

It is something more than resistance exercise – it is leisure and rehabilitation training!

Hydromassage in Spa Bike Magic®

Cellulite will be fought thanks to Spa Bike Magic exercise leading to quick and great results.

Hydromassage effects

Spa Bike Magic brings great effects for people of all ages with no load on joints.

Somebody who is looking for aesthetic changes or wants to relax while training will surely choose Spa Bike Magic.

32 hydromassage jets which are directed at sensitive areas will effectively and completely eliminate the „orange skin“ effect.

This is thanks to drainage which activates lymphatic system effect of using the bicycle combined with intensified resistance. It will shape the body and exchange the fat into muscles.

 **Big touch screen 31,5 cm**

 **Multi-function**

 **Virtual Jogging Simulator**

 **Active drying and disinfection**

 **Ozone therapy**

 **Color therapy**

 **Custom RAL colors**

Vacu Magic® Slim Line

Forget about boredom during a training session! Now you can feel like you were running in nature.

Working out has never been so real and pleasant. Additional functions speed up the reduction of not needed calories as well as cellulite.

Vacuum effect – stimulates blood supply to the fat tissue in problem areas such as waist, buttocks or thighs, thereby contributing to the accelerated release of fatty acids.

Multivision Virtual Jogging Simulator

Unlock and explore new running locations! Virtual jogging takes your exercise to a whole new level.

 **Big touch screen 31,5 cm**

Vacu Magic® Beauty Line

The Vacu Magic Beauty Line is a device combining exercise with IR radiation and vacuum.

All working simultaneously to help you burn maximum amount of calories during one session.

Infrared improves metabolism by increasing body temperature. It helps to regenerate skin cells and relaxes muscles. Vacu Magic has strong IR emitters on each side to help you reduce unwanted fat.

Vacuum effect - stimulates blood supply to the fat tissue accelerating the release of fatty acids.

Treadmill, exercise bike or elliptical stepper - workout accelerates fatty acid oxidation in muscle tissue.

User friendly touch based interface.

All our devices equipped with LCD touch screen grant users with easy and user-friendly navigation. Quick access to all options with visual menus, comfortable buttons and sliders.

Roll Magic® Beauty Line

Roll massage is a proven way for firm skin and shapely figure.

This is a new trend in slimming and lymphatic massage. It consists of the whole body massaging with the help of profiled wooden banisters. The revolving drum massages reducing cellulite and burning the excess of fat. You can stimulate different parts of the body during the massage thanks to taking the right position.

Benefits of using Roll Magic®

- ✓ works in a cosmetic way
- ✓ firms the skin and makes it more elastic
- ✓ reduces cellulite
- ✓ causes the mechanical destroying of fat tissue
- ✓ prepares you to the physical effort
- ✓ increases the muscles flexibility

Bidirectional drum with photocell safety system.

Photocells placed under the drum detect even the slightest movement and immediately stop the machine to prevent injury.

-  **Custom RAL colors**

Magic Wave®

Magic Wave is designed for relaxation. Whenever your clients want to have a rest they can relax on our beautifully designed recliner. It's special shape is comfortable and takes less space.

The massaging mat relaxes you and additionally loosens and warms up the muscles. Convenient **remote control** helps in choosing your favourite massage program. Built-in speakers let you listen to your favourite music.

In combination with Magic Sun, Magic Wave can provide you with a new level of relaxation.

Comfortable position and pleasant warmth will ease your body tension positively affecting your skin at the same time.

Magic Sun®

This standalone lamp is a great solution for every studio. It can be used for relaxation or in combination with other workout devices.

There are two models of Magic Sun:

With 7 infrared lamps - helps in skin regeneration and generates body warmth, raising body temperature.

With 7 collagen lamps - rejuvenates skin fixing its texture and color and raises metabolism.

Magic Sun maximizes the amount of burnt calories when used during an exercise.

It will work with classic workout machines (treadmills, exercise bikes) or with our other devices.
