Air Conditioner Fan Motor (Φ 82 series, Φ 95 series, Φ 120 series, Φ 140 series)

技术参数 Technical Parameters:

型号 Model No.	电压 Voltage(V)	频率 Frequency (Hz)	输出功率 Output Power(W)	转速 Speed RPM	极数 Poles	绝缘等级 Insulation class	电机应用 Motor Application
YDK-25	100-240	50/60	20W-25W	780-860	4,6	B	For less 1hp outdoor unit (7000BTU)
YDK-31	100-240	50/60	25W-35W	780-860	6	B	For 1-1.5hp outdoor unit (9000-12000BTU)
YDK-53	100-240	50/60	40W-55W	750-850	6	B	For 2-3hp outdoor unit (18000-27000BTU)
YDK-65	100-240	50/60	55W-75W	750-850	6	B	For 4-5hp outdoor unit (36000-60000BTU)
YDK-100	100-240	50/60	100W-120W	550-900	6	B	Indoor unit
YDK-150	100-240	50/60	130W-170W	900-950	6	B	Indoor unit
YDK-200	100-240	50/60	180W-220W	600-930	6	B	Indoor unit
YDK-350	100-240	50/60	330-390W	850-900	6	F	Indoor unit
YDK-400	100-240	50/60	400-420W	850-1150	4	B	Indoor unit
YDK-450	100-240	50/60	450-490W	800-1170	4	B	Indoor unit

电机优点 Advantages of motors:

环保镀锌板端盖，防水外壳结构，运行平稳，噪音低，采用过温、过流、过压和堵转保护，更安全。

- Environmental friendly galvanized zinc sheet covers or black covers of rust-proof
- Silicon steel stator
- Long life time
- Stable running, low noise
- With protection from over temperature, over current, over voltage
- High efficiency, strong airflow,
- We have various size of motor mouldings, we can develop motors according to your request.
- We have supplied air conditioner motors to TCL,Changhong,MBO, etc.
- Application of motors: indoor and outdoor air conditioners, fan coils, etc.

Foshan Yuanjing Taohui Motor Co., Ltd has over 15 years experience of manufacturing AC single phase asynchronous induction capacitive motors, which cover ranges of $\Phi 60$, $\Phi 70$, $\Phi 75$, $\Phi 80$, $\Phi 82$, $\Phi 88$, $\Phi 95$, $\Phi 110$, $\Phi 120$, $\Phi 140$ series. Yuanjing have various dimensions of motors from diameter 60mm to 140mm. We can also customize motors according to customers' requirements of motor specifications, drawings, certifications, etc. Yuanjing capacitive motors are widely applied to indoor and outdoor air conditioner, split air conditioner, cabinet air conditioner, floor standing AC, portable AC, dehumidifier, humidifier, rang hood, fan, evaporative air cooler, axial fan blower, and so on.

Yuanjing factory site covers over 15000 square meters. We have more than 160 skill full workers. Yuanjing have professional motor R&D team with strong technology. We fully support customers to develop new items and have strong ability to do OEM production. We produce over 2 million pieces of motors a year. We have 4 production lines for general assembly, and 6 lines for stators processing. Yuanjing manage production quality control strictly and have ISO9001 manufacturing management certification, our motor products have certificate of CCC, UL, etc. Yuanjing have long term and good cooperation with TCL, Delonghi, Gree, Changhong, etc, for air conditioners, portable air conditioner, air coolers, fans and other home electric appliances application.

Yuanjing teams are warmly welcome you to visit our factory and discuss motors development and OEM producing cooperation.
